HOW DO YOU PREPARE?

Louisiana saw severe storms and over 30" of rain in just 7 days, causing momentous flooding. Record flooding had already hit Louisiana in March, as well as Texas and Arkansas.

Hurricane Hermine was the first hurricane to hit Florida since 2005. It became a tropical storm and reeked havoc up the eastern seaboard.

2,400 homes and buildings were destroyed in the Fort McMurray wildfire this summer - just one of hundreds of blazes across the United States.

Our goal at FirstNet is to deliver training that helps employees increase knowledge, change behavior, reduce risk, and save lives...ALL year long. We're proud to feature the following courses designed to help you, your employees, your loved ones be smart, be safe, and be prepared!

THE COST OF NATURAL DISASTERS

Two years ago a conference on disaster risk reduction and management was told that costs related to natural disasters had increased from \$50 billion year in 1980 to \$200+ billion/year. The speaker stated that only 4% of spending for natural disasters goes to prevention and preparedness. [Read the Article](#)

In 2015 there were 10 weather and climate disaster events in the USA with losses exceeding \$1 billion each. [Learn More](#)
